

Reading & Synthesis Log

ASU Graduate Academic Support Centers

Provide a full bibliographic citation using your preferred citation style (e.g., APA, Chicago Style, etc.):

On what theories does the author(s) base ideas?	As a result of the ideas explored in the source, what conclusions does the author(s) offer to readers? Do you agree or disagree? Why?	Are there any counterclaims that the author(s) mention? How well does the author(s) refute or speak to those counterclaims?	How does this source affect or relate to your area of interest? Did it answer any questions or did it lead to new questions? Did it make you re-think your topic in any ways?
Additional Thoughts or Questions:			

Reading & Synthesis Log

ASU Graduate Academic Support Centers

List at least 3 similarities between your sources. Are there any similar concepts, connections, themes, or ideas?	List at least 3 ways in which your sources differ from each other. Are there opposing ideas or does one source have a completely unique theme that is not found in any of your other sources?	List any concepts/ideas/theories/methodologies from the sources that you find most valuable to your topic. Which source(s) seemed most important to your research question/topic and why?
